

FertilityWeek
Meet the Usual Suspects

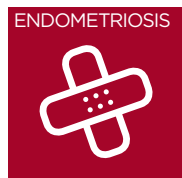

**11-17 May
2015**

www.fertilityweek.org.nz WEBINAR SERIES

During Fertility Week, each of the 'Usual Suspects' will feature in an informative webinar by a fertility specialist.

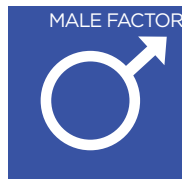

A presentation of 20-30 minutes will be delivered live, on-screen, followed by a Q&A session. Bring your questions and type them into the question box for the presenter to answer. You will need to create a login for the webinar room - details available on www.fertilityweek.org.nz

There will also be a series of Roadshow information sessions, at six locations nationwide. These will include all the 'Usual Suspects', as well as a chance to meet our local support groups and people who have shared their story during Fertility Week. www.fertilityweek.org.nz/downloads/roadshow/
